Subject: Your Access to SNU's Campus Safety and Crime Report

Date: September, 2008

---

As you consider employment at Southern Nazarene University, we want to provide you with information about our campus that hopefully will help every prospective employee know more about this university and the campus environment.

Southern Nazarene University publishes a Campus Safety and Crime Report on an annual basis, in compliance with the Clery Act. The report includes statistics for the previous three years concerning reported serious crimes that occurred on-campus; in certain off-campus buildings or property owned or controlled by SNU; and on public property within, or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security.

You can obtain a copy of this report by accessing the following website, [www.snu.edu/safety](http://www.snu.edu/safety), or by contacting the Office of Student Development located in the basement of the Webster Commons, 491-6336. A printed copy of the report may be requested at no charge to you.

If you would like to look up crime statistics for other colleges or universities, you can do so by going to the following website: [www.ope.ed.gov/security](http://www.ope.ed.gov/security) and click on OPE Campus Security Statistics website.

\*Special note for students and employees at the SNU-Tulsa and the Del City classroom sites: A separate chart in the report is designated for SNU-Tulsa crime statistics. Crime statistics for the Del City classroom site are included in the categories within the Bethany campus report designated as either "non-campus building or property" or "public property."
