

## **REACH THE WORLD**

Words by Mark Bishop

It all starts with just one voice  
That takes a stand, that makes a choice,  
To live for God and not hesitate,  
To tell the world about amazing grace.

One day that seed somehow breaks through.  
Where there was one, there now stands two.

And soon another takes His hand,  
A ray of hope that spreads across the land.  
Across the mountains, across the sea,  
Soon others join in harmony.

They've found the cross still standing strong,  
And soon a mighty chorus sings along.

Go reach the world, touch one more soul.  
Bring one more lamb into the fold.

Each soul another flag unfurled,  
Each voice another chance to reach the world.

Don't let me pray Lord for wealth or fame,  
A spark that sets the world aflame.

Help me to reach the lost and alone,  
To tell of joy and hope where hope is gone.

Go, reach the world touch one more soul,  
Bring one more lamb into the fold.

Each soul another flag unfurled,  
Each voice another chance to reach the world.
