## David Livingstone: Journey to the Heart of Africa (Great Adventurers)

Video / Kultur Video/China Star Entertainment, 50 minutes

In the middle of the 1800s David Livingstone, Scottish missionary and explorer, was in Africa trying to spread the Gospel, end the slave trade and find the ultimate sources of the Nile. This documentary traces Livingstone's African journeys including his "discovery" of the Victoria Falls of the Zambesi, and of Lake Shirwa and Lake Nyasa. Journalist Henry Stanley plays a prominent role in the video as he winds up being sent to Africa by the *New York Herald* to search for Livingstone. The film only touches now and then on Livingstone's spiritual ministry, focusing on his explorations.
