## "Is There a 'NUWAY' in Our Future?"

Marilyn Stark

Can you envision a place that would allow all of our current ministries to be at one location? Can you dream bigger and see a place that would not only house our current ministries, but allow growth of these ministries; plus allow us to add ministries for years to come? Can you envision an inner-city ministry center that reaches throughout Oklahoma City? Can you imagine multiple churches, businesses and civic organizations working together for one cause - to help the poor, the homeless; the friendless, the lost and the dying?

### **We can!**

We have asked you to earnestly pray with us about a new home for Love Link Ministries, Inc. We believe we have found it. We need you to continue to lift us in prayer. We need to know beyond all doubt that this is God's way and that we are walking in it. This month, the board will be voting on a building. Not just any building but a building big enough for all of the above and more. We will be voting on a lease-purchase type arrangement for now. It would allow us to start remodeling and move into the building while raising the funds to purchase the building.

This building is about 65,000 square feet. It is actually two separate buildings. One is a large open plant-type building. The other has several office complexes, apartments, showroom areas, etc. It is an older building with a lot of potential and a lot of responsibility. Some of you will be familiar with the building. It is the **NUWAY Cleaners** building on NW 6th and Linwood, just off Western. We would be moving a little over one mile north of where we are now. We would remain in the community but be away from the new highway. We can purchase the building for \$300,000. There will be other expenses for at least the first year including insurance and taxes along with the remodeling costs while we arrange to purchase the building. We plan to use work 'n' witness teams whenever, wherever possible. We anticipate a need of about \$150,000 the first year in addition to the purchase price.

We can't do this without God *and* we can't do it without you. We have looked and looked. We have dreamed and dreamed. We have prayed and prayed. We have tried to do our homework and not go in unprepared. Now we need God's assurance that this is indeed Him. Please pray for our meeting. Pray for open or closed doors. Pray also about what the Lord would have you do in this endeavor. In the midst of all the negotiations and plans, questions and prayers, we received \$1000 from an individual (not a board member) marked 'building'. It was confirmation that God is leading. We want to be clear every step of the way.

**Pray with us. Dream with us. Partner with us.**
