## Praise for Healing

Patrick Beery is doing great! His PET scan came back cancer free!!!! Praise be to God. Thank each of you for praying for Patrick. Continue to lift him up. He is still fighting a very sore and irritated throat (from his treatments). The doctors have said that this could take up to a year to clear up. We're praying and asking God to speed up the process and restore Patrick to complete health. Also, this last week, Patrick's mother went to be with the Lord. He knows that she is in a much better place but she will be missed.

Remember all the men in recovery as they seek God and His will for their lives!

Many of you made a pledge to Love Link in March, if you have not yet paid it this would be a great time to help us out with day to day expenses.

Please continue to pray and dream with us about the future location of Love Link Ministries, Inc.

### God is moving!

There was such an incredible sense of excitement and unity in our last board meeting. God does have great things in store for us as we seek to do His will, His way.

Pray about what part you will have in this opportunity. We hope to give you specifics very soon. Keep praying in that \$300,000 plus the first year's expenses!
