1. Redeem the time, for the days are evil. In the earth with its notes sublime, To the world is near, The voice of the world is near, The voice of the Lord is working, O'er all the world. Let us send the gospel, To the earth, to His slumbering people, spread the tidings. Redeem the time, for the days are evil.

Refrain

Let it ring through the world with its notes sublime: The shadows are lengthening, the night is near, Re-deem, re-deem the time.
