Lament for the Nations

```
Am                      E
```
(A) Trapped in a lie taught to them from their childhood
```
    Am                      Dm
```
How can they accept now the truth if they hear it?
```
    Am      E       Am
```
But they don't hear the truth!

(A) News from the West comes with riches and pleasures
Exalting ourselves, not the King of Creation
It's just another lie!

```
Dm          Am  Dm          Am
```
(B) How will they hear? How will they know?
```
E           Am  E           Am
```
How will they listen? How will they believe?

(A) God became man: Jesus died on a cross just to
Save helpless sinners who did not deserve it
But they refuse to believe!

(A) Someday they'll stand with the rest of mankind before
Him Who is Worthy, the Judge of all nations.
What will become of them?

(B) Lord, have mercy! Show them pity!
Send Your gospel! Let them accept it!

```
Am          E                       Am
```
(C) Lord, without You, there's no hope for new life
```
    Am          E           Dm      Am
```
Only You and Your love can break through to them.

(B) Lord of Grace, Lord of Mercy
Send Your Truth! Open their hearts!

(C) Open the eyes of the blind to Your truth,
Show them Who You are – the Messiah, the Savior.
(repeat final stanza)
