

A message from a pastor

“What if my church ...

- “What if my church did not help people give to and pray for outreach ministries in 140 countries?
- “What if my church did not receive prayer requests and praises from around the world, allowing people to pray boldly for God’s power to be released against the forces of evil?
- “What if my church did not get news of what God is doing to meet the needs of the world?
- “What if my church did not have a plan for missionaries to come to personalize missions for us?
- “What if my church did not have the opportunity to be personally LINKed with the missionaries?
- “What if my church did not know how to participate in short-term missions opportunities like Work & Witness?
- “What if my church did not have the opportunity to help needy children and to provide for self-help programs for marginalized people?
- “What if my church was not creating mission vision in the next generation through education, involvement and mentoring?
- “What if my church did not have an infrastructure that energized and engaged people in fulfilling the Great Commission?

“Nazarene Missions International has removed the ‘**what ifs?**’ for us. Thanks, NMI. You have my appreciation and support.”

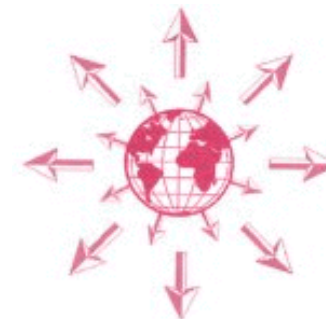

– a thankful pastor

Have you sent a “Happy Easter” card to New Life Community church’s LINKS missionaries?

George and Nancy Miller
